PROFESSIONAL SUMMARY

Detail-oriented computer science student pursuing NIELIT A-Level with a strong foundation in Python, C++, web development, and database management systems. Experienced in data analysis using Pandas, Matplotlib, and Seaborn. Participated in national-level AI events including the AI Impact Festival (NIELIT & MeitY) and completed Intel AI certifications. NCC C-Certificate holder demonstrating discipline and leadership. Seeking an opportunity to apply technical and analytical skills in a growth-oriented environment.

EDUCATION

DOEACC / NIELIT A-Level (Computer Applications) | *National Institute of Electronics and Information Technology (NIELIT)* | Pursuing

Bachelor of Commerce (B.Com) | *Mata Sundari College for Women, Delhi University* | 2024

Class XII (CBSE) | *Central Board of Secondary Education* | 2021

Class X (CBSE) | *Central Board of Secondary Education* | 2019

NCC – B & C Certificates | *National Cadet Corps (NCC)* | 2024

TECHNICAL SKILLS

Programming Languages: Python, C++

Web Development: HTML, CSS, JavaScript, Flask Framework

Data Science & AI: Pandas, NumPy, Matplotlib, Seaborn, SciPy, OpenCV, Deep Learning (basics)

Database: SQL (MySQL – queries, joins, aggregations, subqueries), DBMS

Tools & Software: MS Excel, MS Word, PowerPoint, Power BI, Financial Accounting

Languages: English, Hindi

PROJECTS

Explore Bharat – Travel & Tourism Website | *HTML, CSS, JavaScript*

- Developed a responsive multi-page tourism website showcasing famous places across all Indian states.
- Implemented interactive navigation, state-wise destination pages, and visually engaging UI for enhanced user experience.
- Designed and structured the entire front-end using HTML, CSS, and vanilla JavaScript with no external frameworks.

CrowdAnmNet – AI-Powered Real-Time Crowd Analytics System | *Python, OpenCV, Deep Learning, Streamlit*

- Built an end-to-end AI pipeline for real-time person detection using OpenCV and deep learning, capable of processing live video streams frame-by-frame.
- Developed a multi-feature analytics engine tracking crowd density, movement patterns, and behavioral insights, visualized through an interactive Streamlit dashboard.
- Implemented one-click report generation to export crowd analytics summaries, enabling quick decision-making for event and safety management use cases.

Personal Portfolio Website | *HTML, CSS, JavaScript*

- Designed and deployed a personal portfolio website to showcase academic background, technical skills, and projects.
- Included sections for biography, tech stack, project gallery, and contact information with a clean, responsive layout.
- Demonstrates hands-on proficiency in front-end web development and UI design best practices.

CERTIFICATIONS & ACHIEVEMENTS

PROFESSIONAL CERTIFICATIONS

One Roadmap Skill Certifications:

- Data Analyst Certification – One Roadmap (Certified: January 27, 2026) | ID: CERT-028E0C64
- Python Certification – One Roadmap (Certified: March 3, 2026) | ID: CERT-8DE6A73F

Online Course Certifications (Udemy):

- Complete Guide to NumPy, Pandas, SciPy, Matplotlib & Seaborn (Completed: December 20, 2025)
- Complete Pandas for Absolute Beginners (Completed: October 29, 2025)
- Advanced Project Management: Strategies for Success (Completed: January 25, 2026)
- Python And Flask Framework Complete Course (Completed: February 22, 2026 | 12 hours)

AI & Emerging Technologies Certifications:

- AI Appreciate Certificate 2025 – Intel AI For All Program (January 24, 2026)
- AI Aware Certificate 2025 – Intel AI For All Program (January 24, 2026)
- Yuva AI for All – MeitY & Nasscom FutureSkills Prime Initiative (January 24, 2026)
- AI for Entrepreneurship – Skill India Digital Hub (January 23, 2026 | 2 hours)

Leadership & Volunteer Achievements:

- Volunteer – AI Impact Festival 2025, NIELIT & MeitY, New Delhi (November 17–18, 2025)
Focused on Generative AI and Computer Vision in Healthcare applications
- NCC B & C Certificates – National Cadet Corps (2024) | Demonstrates discipline and leadership
- Certificate of Participation – 78th Independence Day, Ministry of Defence (2024)

KEY STRENGTHS

- Strong analytical and problem-solving skills with ability to learn new technologies quickly
- Experience with data handling, preprocessing, and visualization using Python libraries
- Understanding of Financial Accounting concepts including financial records and reporting
- Organized, disciplined, and capable of managing multiple academic and technical tasks efficiently
- Effective written and verbal communication in English and Hindi
